Education's purpose is to replace an empty mind with an open one.

**Mr. Sanjaybhai J. Baldaniya,**  
M.D. - Sunrise Group  
(98241 45453)

If our school is a pen, the parents are the ink; joining together we can write the success story of educational development of our children.

The purpose of education is not just to produce academicians but also to develop humane and sensitive citizens. At Seven steps school we ensure that a congenial environment for learning is maintained while making sure that children have enough opportunities to develop their personal and interpersonal skills.

Our teachers are well qualified & share a passion for teaching, thereby bringing out the best in both themselves and their students. We edify our students in classical as well as contemporary models of learning while giving them a solid foundation in cultural insights of the world.

We offer our students a stress-free learning environment which encourages creativity and critical thinking. Our unique teaching and learning process with a proper blend of theory and practice crosses the boundaries of nations towards global excellence.

Education is the key to unlocking the world, a passport to freedom.

**Mrs. Komal Shah,**  
Principal (9904415333)

At SEVEN STEPS SCHOOL, we recognize that social/emotional development is as essential to student success as academics. Teachers provide a nurturing environment in which young adolescents can learn, take risks, and thrive. Activities for the school year will evolve from our school theme – Transforming Education, Transforming Lives. Our caring and committed teachers are our pillars of strength. They teach our children not just with their minds but with their hearts.

The aim of education should be to teach us rather how to think, than what to think — rather to improve our minds, so as to enable us to think for ourselves, than to load the memory with thoughts of other men. Our distinctive academic programs and innovative teaching methodologies encourage students to develop critical thinking and learn through inquiry and reason.

**Mr. Hiren Baldaniya**  
Coordinator (Pal Branch)  
(98244 17767)

**Principal's job is to help students prepare themselves for anything.**

**Mrs. Apeksha Pardeshi**  
Principal of  
Sevenhigh Pre-School

I strongly feel that education is a blend of academic excellence and creativity and as the principal of the school; our motto is to encourage and empower our students to grow as a strong, reflective and humble individuals with discerning minds, prepared to make a mark in all spheres of life, Education is dependent on the collaboration of its learners, educators and parents, we bring together all the three sides of the education triangle. We encourage our learners to Question, without the dreaded 'hands up' approach.

**Mrs. Sanjana Farnaz**  
Branch Head of  
Sevenhigh Pre-School

**Education is not the learning of facts, but the training of the mind to think !**

## Curriculum

Early Childhood Education research shows that major development of a child's brain happens in the first five years and hence our pre-primary curriculum is designed to expose and stimulate the child in multiple cognitive areas.

Our carefully designed competency and skill based programme, provides a wide range of experiences and materials to foster and enhance physical, motor, social, emotional, aesthetic and intellectual development. Our small class size allows ample time and opportunity for one on one contact with the teacher for personalized attention and customized learning.

The focus of the curriculum is on development of multiple skills which is achieved through age appropriate monthly themes (projects).

Physical Development includes fine motor and gross motor development.

Creative/Aesthetic Development includes Visual Arts and Performing Arts (Music, Drama & Role play)

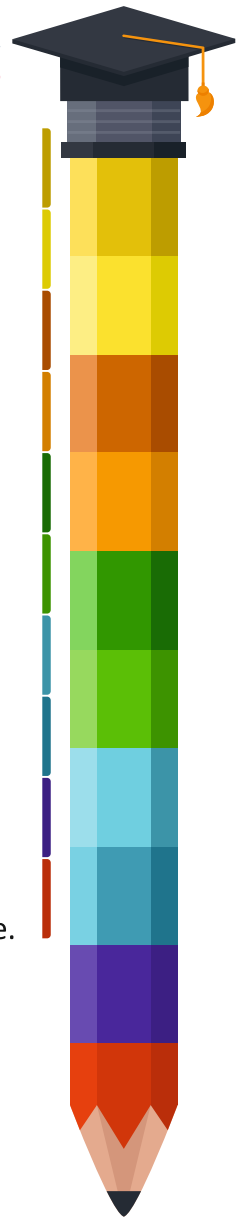

Cognitive And Perceptual Development: focuses on developing Language, Literacy skills and Numeracy Skills.

Social And Emotional Development: is achieved through group play, sharing and interpersonal communication.

## Student Well-Being

We recognize the importance of meeting the unique learning needs of every child by providing a safe, supportive and respectful environment. Through individualized attention that appreciates children's learning styles and differing abilities, by helping them cope with emotional challenges and by providing them guidance to select higher education pathways, we work for their well-being, within the school and beyond.

At SEVEN STEPS SCHOOL we place emphasis on helping students develop essential life skills so they are better prepared for the opportunities, responsibilities and experiences throughout their life.

## Teaching and Learning

The SEVEN STEPS SCHOOL curriculum uses a variety of engaging teaching and learning methodologies that challenge and motivate learners to excel. It focuses on nurturing in them knowledge and skills essential for success in the 21st century. Inquiry-based and application-oriented approaches across all subjects and age groups enable students to learn about and respect a range of ideas, independently and collaboratively with others. It helps them develop new perspectives and take responsibility for their learning.

Our teachers make use of project-based learning, brainstorming, role play, interactive lab experiments self and peer evaluation, to make learning more engaging and effective.

### Our educational programs help students:

- To develop confidence to work with information and ideas – their own and those of others.
- To take responsibility for themselves and their actions and be respectful of others.
- To become reflective learners and be able to identify their ongoing learning needs.
- To be creative, innovative and fully equipped for future opportunities and challenges.
- To be articulate, effective communicators, and to express themselves appropriately.
- To empathize with others and understand and appreciate diversity.

## Holistic Development

A holistic approach to teaching and learning is important for the physical, emotional, intellectual creative, spiritual and social well-being of children, and to develop them as well-rounded individuals. At SEVEN STEPS SCHOOL, we lay emphasis on experiential and exploratory methods of learning, well beyond the classroom, as well as espouse the appreciation and practice of our school's values and attributes.

We constantly ensure that holistic approaches to teaching and learning are achieved in multiple ways - ongoing review of curriculum, introduction of new subjects, the breadth of sports and co-curricular activities, and the regular upgrading of infrastructural facilities and resources.

In the classroom, students present their work by way of presentations, role plays, small skits and impromptu debates. The lessons are explained practically for long term knowledge of students. The students have many out-of-classroom activities and experiences such as karate, dance, yoga & meditation, skating, chess and many more. Community service encourages children to understand the challenges faced by the less-privileged and sensitizes them to the importance of being compassionate.

Today I want to share something amazing about THE SEVEN STEPS PRE SCHOOL. The school is amazing also they arrange many kind of activities. They arrange competitions like fruit day, Yellow day, and many more, also they encourage the students and parents to participate with them. When they invite parents like us I feel my childhood came back, the special gesture is that when they arrange GRANDPARENTS at school and feel them special. I thanks to all the staff AND MANAGEMENT of SEVEN STEPS SCHOOL.

## Celebrations & Festivals

### 15<sup>th</sup> August

At seven steps we celebrate the Independence Day on 15<sup>th</sup> August every year. The Chief guest and the teachers will talk on the importance of 15<sup>th</sup> August and how our nation became an Independent nation on 15<sup>th</sup> August 1947.

### 26<sup>th</sup> January

Republic Day is celebrated in India on 26th January with zeal and enthusiasm. National flag hoisting is done in school. Cultural events advocating India's struggle for freedom is held countrywide.

### Convocation Day

We celebrate Convocation Day ceremony for Sr. KG. The innate feeling for students of pride and accomplishment as they walk across the stage to receive their pre school diploma, this was so amazing. From the tassel on the graduation cap to hearing the ceremonial music of pomp and circumstance for the first time, graduation is the special moment.

### Teacher's Day

Because of your wise counsel and guidance we are emboldened and now face the future with much confidence from all the lessons both formal and informal that we earned from you. We truly appreciate your efforts dear teacher and celebrate you today. Happy Teacher's Day.

## Celebrations & Festivals

### Navratri Celebration

We celebrate Navratri for our students and also organize GARBA COMPETITION in which mothers and teachers can also participate. Our mothers and teachers performed garba very energetically.

### Janmashtami

Sweeter than honey, tastier than curd, pleasanter indeed than any happiness and joy is the company, is the power of the name of Krishna. The birthday of Lord Krishna is celebrated with great devotion and enthusiasm, on this Janmashtami day, in India. Krishna Janmashtami, also known as Krishnashtami, is observed on the Ashtami tithi, the eighth day of the dark half or Krishna Paksha of the month of Shraavana. Lord Krishna is known world wide and celebrated as an avatar of God Vishnu.

### Vasant Panchami

We celebrate vasant panchmi with our Seven Steps Family Members by doing worship of goddess saraswati. Our little kids also celebrate by doing puja of goddess saraswati and their books.

MR. CHINTAN VASHI

**India book of record holder 20-21**  
**International choreographer in Dubai,**  
**World Wide 2010**

A school should be a mirror of the child's personality and education constitute development of activities, traditional values with modern knowledge and information. Seven Steps School understands the need for the overall combining traditional values with modern technology.

One of the other many benefits of seven steps pre school education is that it can broaden a student's horizons, helping them understand more about other cultures and corners of the world beyond the school door. A proper education sets people up to grow personally, professionally, and socially. It can awaken joy, curiosity and a deep desire to solve problems and help others. Plus, teaching a student can inspire them to pursue leadership roles and positively impact those around them.

DR. APPORVA SHAH

Learning allows us to make sense of the world around us, the world inside of us, and where we fit within the world. Education helps us get exposure to new ideas and concepts that we can use to appreciate and improve the world around us and the world within us. When we improve our education and continue to learn, we can foster new connections, increase our marketable skills, and understand people better.
